UPDATE ON THE LEGACY TRUST RATIFICATION VOTE

Important Notice - Postponement of Vote

We would like to inform you that the Ratification Vote for the Atikameksheng Anishnawbek Legacy Trust, originally scheduled for August 23, 2025, has been postponed until November 2025.

This decision has been made to ensure that we complete the final phase of our community engagement strategy.

Our goal is to provide more time and additional opportunities for members to fully understand the purpose and benefits of the proposed Legacy Trust.

Information on the Trust Deed will be shared to members in the members portal, very soon. A notice will go out when the Trust Deed is shared in the Member's Portal.

More engagement sessions will be announced in the coming weeks. You will have opportunities to learn, ask questions, and share feedback.

For questions, please contact Pam Naponse-Corbiere at execasst.gimaa@wlfn.com

RE: GOVERNANCE ADVISORY COMMITTEE NEEDS THREE MEMBERS – JULY 24, 2025

Dear Debendaagziwaad,

During the Band meeting held July 14, 2025, council approved the establishment of a Governance Advisory Committee. As you may know, creating such a committee is a distinct strategy of our Comprehensive Community Plan and we are now able to move forward with this important work.

The Committee is responsible for supporting the development, revision and on-going implementation of the Atikameksheng Anishnawbek governance laws, policies and procedures so that Council members understand their duties and fulfil their roles and responsibilities, in conformity with the Council's commitment to ensure the highest level of governance, in accordance with its enacting legislation, by-laws, policies and procedures.

This Committee is a standing committee, and its work will require participation to meetings monthly. At times, its work plan will require additional meetings.

Council is seeking three Debendaagziwaad members to sit on the committee. The members' terms will be staggered over the next three years. We are looking for members with a deep understanding of traditional Anishnawbek governance and a sound knowledge of conventional governance practices. We hope to select for Council's consideration in the next few weeks so that the Committee can begin its work in September.

If this type of role is of interest to you, please submit your letter of interest underlining all relevant experiences and knowledge to ceo@wlfn.com before August 15th, 2025.

You may access the Terms of Reference of the Committee by visiting www.atikamekshenganishnawbek.ca/governance/committees/

Notice: Temporary Closure of Sacred Fire Arbour

Dear Debendaagziwaad,

As part of the ongoing beautification efforts at our Sacred Grounds, the Planning and Infrastructure Department had a scheduled inspection of the Sacred Fire Arbour conducted by the North Shore Tribal Council Building Inspector on Thursday, July 17, 2025.

During the inspection, it was identified that the structural component (king post) appears to be compromised. As a precaution and in the interest of community safety, **the Sacred Fire Arbour is temporarily restricted for use until further notice.** This temporary closure will allow time for a comprehensive structural assessment to be completed by a structural engineer.

The temporary Sacred Fire Arbour in the Teaching at Sacred Grounds is still available for use.

Further updates will be shared once the full engineering assessment is complete.

We appreciate your understanding and cooperation.

Updated August 1, 2025 (Version 3)

Dear Debendaagziwaad,

Re: Community Security Notice – Wolfpack Security

This letter is to announce a significant step forward in our collective commitment to a safer, healthier community. Beginning July 23, 2025, Atikameksheng Anishnawbek has entered into a partnership with Wolf Pack Security to reinforce the Zero Tolerance Band Council Resolution (BCR #2025-2026-004), which was passed by Gimaa and Council on May 20, 2025.

Update

The wolfpack guards that will be in the community until August 7, 2025 are:

- Harmandeep Singh
- Sujal Pandya
- Gurpreet Singh
- Akshi Prashant-Thool

The direct line to reach Wolfpack during this time is **705-929-9056**.

Please keep this information handy and feel free to approach any officer in uniform if you observe suspicious activity.

About Wolfpack Security

Wolf Pack Security is an Indigenous-owned company committed to public safety through the values of respect, responsibility, and community well-being. With a diverse team that understands cultural significance, they work closely with communities to build trust and deliver compassionate, effective security services.

The company emphasizes empathy, compassion, and respect for all, believing every individual deserves dignity. Staff are trained in addiction and mental health awareness to better serve vulnerable populations. Safety is their top priority—ensuring protection for everyone, without exception.

Service Details

- **Service Period:** July 23 – August 31, 2025
- **Hours of Patrol:** 7 days a week, from 5:00 p.m. to 4:00 a.m.

Primary Areas of Focus

- Independent Living Centre
- Community Centre
- Waasakwa Centre
- Known hot spots for drug trafficking

You may notice uniformed Wolf Pack guards patrolling on foot and in marked company vehicles. Their presence is supplementary to our existing safety measures and not a replacement for OPP services.

Reporting and Collaboration
Wolf Pack Security will submit **daily incident reports** to our band administration. These reports will also be made available to the Ontario Provincial Police (OPP) to ensure timely and appropriate law enforcement follow-up.

We recognize that some members may feel uncomfortable reporting suspicious activity directly to the OPP. Community members can contact Wolf Pack guards onsite to conduct preliminary reports, investigate where appropriate, and liaise with the OPP on your behalf.

Evaluation and Future Communications
During August, Atikameksheng administration and Wolf Pack Security will conduct a formal evaluation of the partnership's effectiveness, reviewing daily reports, community feedback, and OPP follow-ups. We will share the proposed actions beyond August 31, 2025 with the community.

Community members can also provide feedback or suggestions regarding this new service by utilizing the "Suggestions and Concerns" form on our website, or by picking up a copy at the band office reception.

Emergencies
In any urgent situation where immediate assistance is required, community members should continue to call **911**.

We believe this partnership adds a vital layer of protection and reassurance as we work together to uphold the Zero Tolerance Resolution (BCR #2025-2026-004). Thank you for your cooperation and for playing an active role in building a safer Atikameksheng Anishnawbek.

Sincerely,

Dennis Cropper
Chief Administration Officer

COMMUNITY NOTICE
Our Lady of Fatima Day School – July 17th, 2025

Several of our members attended Our Lady of Fatima School. For some, their experience at the school left long lasting painful sequels.

As you may know, a class action was launched against the Government of Canada for the harms suffered by students who attended Federal Indian Day Schools. However, Our Lady of Fatima school is not on the list of Federal Indian Day Schools targeted by the class action suit.

We have come to understand that Federal Indian Day Schools were schools established, funded, controlled, and managed by the Canadian government for Indigenous children. To be eligible for compensation under the settlement, individuals must have attended a school listed in Schedule K and experienced harm while attending. If a school is not on Schedule K, it is not part of the class action settlement and individuals who attended it are not eligible for compensation under this agreement.

It has come to our attention that while several Atikameksheng Anishnawbek members were forced to attend Our Lady of Fatima School, approximately 60 members have submitted a claim that was deemed unreceivable. For this reason, Council has agreed to seek legal advice on behalf of these members, in order to determine if a legal recourse can be initiated and its possible requirements and implications.

We will keep you informed as we receive further information on this important matter in the coming months. In the meantime, do not hesitate to contact **Sheila Dumont, Legal Clerk, if you have any questions. Sheila can be reached at 705-692-3651, ext 1137, legal.clerk@wlfn.com**

Rehabilitating the Long Lake Gold Mine (LLGM) remains a priority for the Ministry of Energy and Mines, helping to lift current public health restrictions within Long Lake and facilitate recovery of the surrounding environment.

The ministry will proceed with site rehabilitation once the following milestones are reached:

- Rehabilitation design is complete.
- Required regulatory approvals are in place.
- Access road safety improvements project is complete.

2024-25 Project Status and Accomplishments

- Statement of Completion filed, and Class Environmental Assessment completed.
- Groundwater monitoring well repairs completed.
- Investigation of undocumented physical feature at the mine site completed.
- Fencing of the open pit completed.
- Hazard signage placed at the Long Lake delta.
- Aggregate permit approved for new Crown pit to provide material for rehabilitation.
- Wavy Trail Pit:
    - Public Notice to support amendment application (i.e. increase tonnage).
    - Studies started to support quarry application.
- Continue water quality and environmental monitoring.
- Finalizing report for the additional archaeological investigations and species at risk surveys.
- Vegetation removal for access road safety improvements started this winter on Lakes End Road.
- Access road safety improvements procurement posted and awarded.

2025-2026 Project Objectives

- Continue water quality and environmental monitoring.
- Prepare rehabilitation construction tender and applications for regulatory permitting and approvals.
- Submit Wavy Trail Pit amendment application to the Ministry of Natural Resources.
- Complete studies, submit quarry application, and consultation for the Wavy Trail Pit.
- First construction season (of two) for the access road safety improvements.

Access Road Safety Improvements Project

- The Access Road Safety Improvements contract awarded.
- Work expected to begin July 2025.
