ROBINSON HURON TREATY ANNUITIES CLAIM
COMPENSATION DISTRIBUTION AGREEMENT UPDATE

Gimaa and Council wish to provide the following important update regarding the Compensation Distribution Agreement in the Robinson Huron Treaty Annuities Claim.

Past Context on the Compensation Disbursement Agreement:
In 2014, Atikameksheng Anishnawbek Gimaa and Council agreed to the terms and conditions of the Robinson Huron Treaty Litigation Fund (RHTLF) Trust Indenture, which included the Compensation Disbursement Agreement (CDA). On March 20th, 2024, at a Robinson Huron Treaty Litigation Fund meeting, a proposal was presented to the Chiefs and Trustees to make a one-time exception to the CDA. As per the Trust Indenture, any amendments to the CDA require the approval of at least 60% of the Robinson Huron Treaty First Nations before it is valid.

Changes to the Compensation Disbursement Agreement:
On Monday, April 22, 2024, at a RHTLF Special Meeting of Chiefs and Trustees, a majority of Chiefs and Trustees voted in favour of the proposed changes bringing them into full effect. The changes to the CDA would only apply to the Past Compensation Settlement Agreement.

The approved changes to the CDA are as follows:

1) Priority Payment #2
    a. Reducing the 10% Set Aside for Collective Purposes down to 5%
    b. Extending the application deadline for living annuitants who are not identified on any membership lists to an indeterminate period of time to allow for development of a fair application process
2) Priority Payment #3
    a. Adding the 5% reduction from the Collective Purpose Funds to the 50% to the Payment to Annuitants increasing Priority Payment #3 to 55% (see Figure 2 below)
    b. Priority Payment #3 will be based on the Indigenous Services Canada (ISC) Indian Registry population figures ONLY thereby applying the 55% to those criteria only, and will remove the additional verification process that includes Nations with their own membership codes

ATIKAMEKSHENG ANISHNAWBEK

Summary of Approved Changes to the Compensation Disbursement Agreement				
Item #	**Priority Payment #**	**Original Criteria**	**Change**	**New Approved Criteria**
1	2	10% of Settlement Funds for Collective Purposes	Reduced by 5%	5% of Settlement Funds for Collective Purposes
2	2	Application deadline shall be one (1) year from the date of the 40% distribution to RHT Nations	Increased time for application period	Application process will be extended longer than one (1) year to allow for development of fair application process (period of extension yet to be determined)
3	3	50% of Settlement Funds to be distributed according to ISC population registry (25%) and First Nation annuitant registry (25%)	Increased by 5% due to reduction of Settlement Funds for Collective Purposes	55% of Settlement Funds to be distributed according to ISC population registry (27.5%) and First Nation annuitant registry (27.5%)
4	3	55% of Settlement Funds to be distributed according to ISC population registry (27.5%) and First Nation annuitant registry (27.5%)	Removal of verification by First Nation annuitant registry	55% of Settlement Funds to be distributed according to ISC population registry ONLY

What does this mean?

The CDA amendments have the following impacts:

1) An increase of funds will flow to each RHT Nation due to the reduction of Settlement Funds for Collective Purposes; Atikameksheng's new estimated amount will be shared at the upcoming information sessions

@AtikamekshengA

ATIKAMEKSHENG ANISHNAWBEK

2) Living annuitants who are not currently registered with a RHT Nation will have more time to apply for their per capita distribution under the 1% portion
3) The distribution of funds under Priority Payment #3 will be quicker due to the removal of verification by First Nation annuitant registry lists

Delay in distribution of funds to each RHT Nation

Due to unforeseen reasons, the RHTLF has informed all Chiefs and Trustees that ***the new projected date for each Nation to receive their funds is late July or August 2024***. This was not a decision the Chiefs and Trustees made. This is due to factors outside of their control and directly related to the RHTLF. All inquiries into why they are not ready to distribute the funds have not been answered as of this release.

Next Steps:

Due to the delay in receipt of the settlement funds, the Ratification Vote for approval of the Eligibility Period will be postponed. Gimaa and Council are preparing to hold information sessions to review and discuss all the recent developments. We are committed to sharing all updates in a transparent and timely manner. We have selected the upcoming dates with more details to follow.

- May 6th at the Atikameksheng Anishnawbek Community Centre
- May 11th in Toronto at the Chelsea Hotel
- May 14th in Sudbury at the Radisson Hotel
- May 15th in Ottawa at Beandigen Cafe

As always, a virtual option will be posted in the Members Portal. We appreciate your patience and understanding as this complicated matter is being resolved.

NOTICE OF RECESS PERIOD FOR GIMAA & COUNCIL

Gimaa and Council hereby announce that effective May 14, 2024, Council will be entering a recess period for the remainder of their term (June 30, 2024). The recess period is typically implemented so that Gimaa and Council can finish any projects or initiatives that they may be working on, or to temporarily put on hold any work that may extend beyond their term. This includes the discontinuation of participation in meetings for any non-essential committees or boards.

During the recess period Gimaa and Council will only meet to deal with serious matters affecting the well-being and safety of Atikameksheng Anishnawbek. Additionally, Gimaa and Council will be working with Administration to prepare an orientation package for any new leaders that may be elected during the general election on June 29, 2024.

The orientation package will include a synopsis and status of all committee mandates and work, political projects and initiatives, outstanding band member concerns, legal matters, external boards and agencies, etc. Political Office and Senior Executive staff, along with any incumbent leaders, will be charged with providing the orientation to newly elected leaders at the start of the new political term (July 1, 2024).

Dear Community Members,

Re: Suggestions and Concerns Open Letter Response: Sacred Grounds

On April 24th, 2024, a flyer was submitted to Atikameksheng's grassroots community Facebook page that stated the Sacred Grounds would be closed to members until the week leading up to Jiingtamok due to tree removals. Additionally, posted comments cited that the summer camp program would be unsafe and that despite the safety concerns, Gimaa and Council supported the action. In response to this, both the Administrative and Political office have received multiple concerns regarding the original post.

An internal examination was conducted to identify the breakdown of process and policies and the impact that it had on the community.

The following are the results of the review:

- The decision to deter members from visiting or camping short-term at the sacred grounds was not sanctioned by Executive Leadership or Gimaa and Council
- Posting a community notice did not follow our internal procedures, which resulted in misdirection to the community.
- Community concerns brought forward on social media were not addressed appropriately as outlined in our internal policies.
- Failure to utilize the official Atikameksheng social media outlets; select members invertedly could not see or access the content and as a result, were made to feel excluded.
- There was a failure to provide clear and supporting information to membership that includes a plan outlining areas that could pose a safety risk and how administration would appropriately approach the matter.

The following directives have been given to mediate this situation:

- The Lands Department and the Department of Mino Biimaadiziwin will work collaboratively to provide membership a list of dates and a map that will inform Debendaagziwaad as to where unsafe work zones..
- Updates will be provided to membership as work progresses.
- Social Services will provide parents with a safety plan and waiver of release for those attending summer programming.
- All staff will be reminded of internal policies and procedures that relate to this matter to ensure this type of misdirection does not occur again in the future

ATIKAMEKSHENG
ANISHNAWBEK

Leadership acknowledges that a closure of the sacred grounds would have a direct negative impact on the social and cultural fabric of our community, and any decision regarding a closure would always be vetted through leadership, emergency management protocols and in consultation with community.

Please be advised that everyone is more than welcome to continue to visit and utilize the sacred grounds. Please be mindful of your safety as removal of trees in identified areas are conducted. Your cooperation is appreciated.

A chi-miigwetch for all those who utilized the suggestions and concerns process. The process helps leadership to effectively address matters and ensure consistent messaging and service in the future.

If you have any further questions or concerns, feel free to email me at cao@wlfn.com or phone 705.692.3651 Ext 1107.

Respectfully,

What is Jordan's Principle?

Jordan's Principle is a child first initiative that ensures eligible First Nation children can access services when they need them. Named after Jordan River Anderson from Norway House Cree Nation in Manitoba, Jordan was born with complex medical needs and spent more than 2 years unnecessarily in the hospital while the federal and provincial government argued over who would pay for his home care. Jordan's Principle states that the government of first contact pays for the service and resolves jurisdictional/payment disputes later.

Who is eligible?

Registered First Nation children aged 0-18 who live on or off reserve, First Nation children entitled to be registered, has one parent or guardian who is registered or eligible to be registered, or First Nation children who are recognized as members by their nation for the purposes of Jordan's Principle.

What is covered?

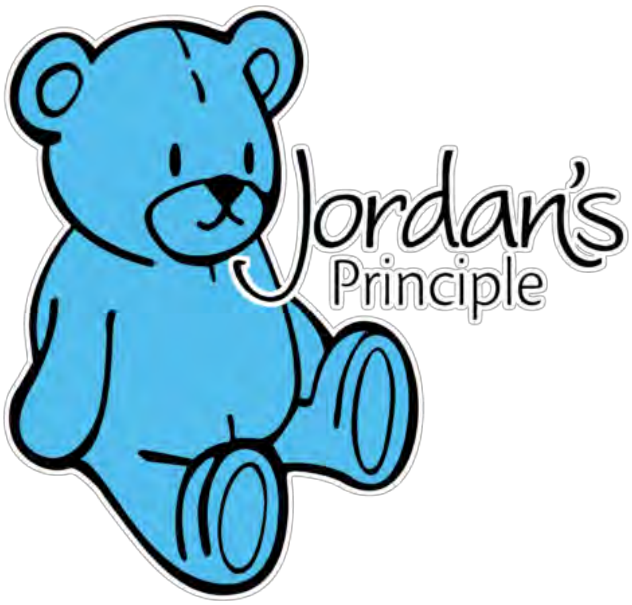

Jordan's Principle covers all public services such as mental health, educational needs, assessments, medical supplies, mobile aids, respite care, dental, physiotherapy, social supports, etc.

Notice to Atikameksheng Anishnawbek

The public works department will be flushing water mains from May.13/2024-May.17/2024 between the hours of 8:30 am-4:30 pm.

We conduct an annual flushing program of our water distribution system to help ensure continued high-quality water service. Flushing the water system entails sending a rapid flow of water through the water mains. As part of the flushing program, fire hydrants are checked and operated to help ensure fire protection in the community.

Flushing of the water distribution system is performed every year primarily to remove sediment in pipes. These sediments, which do not pose a health concern, are comprised mostly of minerals which have accumulated over time in the pipes. An annual flushing program helps to keep fresh and clear water throughout the distribution system.

While a flushing program is underway in our community, you may experience a slight drop in water pressure or temporary water discoloration. Please refrain from doing laundry during the time of day when the flushing program is taking place. If tap water is discolored, we recommend allowing several cold-water faucets to run for a short time until the water runs clear. Using more than one faucet allows the water to clear faster.

If you have any questions or concerns, contact the public works at 705-692-3651 ext.1150 or call 705-688-4901 . We are sorry for any inconveniences this may have caused you. Thank You for your co-operation.
