Robinson Huron Treaty Annuities Case: Dispute on Legal Fees of $510 million

LIVESTREAM AT THE COMPLEX

Atikameksheng Anishnawbek and Garden River First Nation have commenced a court application against the lawyers for the Robinson Huron Treaty Litigation Fund. The application claims that the lawyer's fees of $510 million were too high and asks the court to reduce them (the "Assessment Application"). The Assessment Application is viewed as a necessary step to ensure that the Robinson Huron Treaty Litigation Fund is following the law, particularly the Solicitors Act. The Assessment Application only concerns the lawyers' fees of $510 million – it does not take any position on the remaining settlement funds of $9.49 billion, which should continue to be distributed as planned. In fact, the Assessment Application asks the Court to declare that the case is limited to only the $510 million in legal fees, and that nothing in the court application affects the ordinary course of distribution of the remaining Settlement funds.

The court hearing has been scheduled for Tuesday, July 30, 2024 at 10:00 am.

A live stream viewing session will be held at the Community Complex at 10:00 am on Tuesday, July 30, 2024.

Snacks and refreshments will be supplied.

For more information, please contact Shawn McLaren at public.relations@wlfn.com or 705-626-5977.

Atikameksheng Anishnawbek Band Meeting

Wednesday, July 31st at 6:00 pm in Council Chambers

A virtual link has been posted in the Members Portal.

Please contact Shawn at public.relations@wlfn.com or 705-692-3691 EXT 1144 for technical assistance.

Miigwetch.

Proceeds will go towards the Dance Arbour!

For more information please contact communications@wlfn.com

ATIKAMEKSHENG ANISHNAWBEK

Sacred Grounds Update

May to August ~ *Sacred Grounds Beautification*

We wanted to share an update on the progress we've made at the Sacred Grounds recently. In May, our efforts began with the removal of diseased, damaged, and hazardous trees. Throughout June, we focused on cleaning up of the felled trees and preparing the grounds by leveling them for topsoil and seeding. Additionally, any personal items left unclaimed were removed to maintain cleanliness and ensure a safe environment for all visitors.

Looking ahead, our next step this year involves planting a Red Maple tree as a memorial for MMIW&M (Missing and Murdered Indigenous Women & Men), alongside several fruit trees. These plantings are a significant part of our ongoing efforts to enhance the Sacred Grounds.

As we move into 2025, our future plans include creating multiple flower gardens and installing benches throughout the Sacred Grounds. These additions will further enrich the space, making it even more inviting for everyone to enjoy.

Thank you for your ongoing support and participation in making our Sacred Grounds a meaningful and beautiful place for our community.

Benefits of Being a Student at AEI

Cultural Programming

Choosing AEI means choosing opportunities to learn cultural knowledge and skills through our cultural programming. Students can learn about sewing, beading, quill work, painting, traditional teachings, language and much more through the experiences organized through these events. Students also have access to on-campus Grandmothers. Many of our classes have grandmothers scheduled to be in-class with the students, on-call through our Student Support Line and to socialize with the students through Tea with Gokomis. The knowledge they carry is an essential part of your learning journey with AEI.

Land-Based Learning

Being a student at AEI means having access to land-based learning opportunities. Students from both campuses can participate in Culture Camps focusing on land-based learning experiences such as medicine walks, drum making, sweat lodges and much more. We host an annual Medicine Camp; an immersive cultural experience that is open to all AEI students, instructors, grandmothers & staff. At Medicine Camp, we come together and learn about traditional medicines, the healing power in plants, traditional goose preparation, creating various items to include in our traditional bundles and bond together as a community

Awards, Scholarships & Bursaries

Throughout your education with AEI there are many opportunities to win awards, scholarships and bursaries to assist you financially and/or with demonstrating academic achievement.

Some of these include the AEI Indigenous Student Fund (amount varies), the CIBC Scholarship Award ($3,000), the Murray David Maracle Award ($500), the Rose Nolan Memorial Scholarship ($2,500), and the Delbert Horton Award ($500).

Accessibility Supports

Accessible education empowers students with disabilities to develop the same skills and achieve the same level of knowledge as their peers. Reducing and/or removing educational barriers is essential in helping our students achieve their academic goals.

- Elevtor
- Braille reader
- MagniLink Magnifier
- Low vision keyboards
- Noise cancelling headphones
- Accessible ramps
- Juno system for hearing impaired
- Automatic door opener
- Kurzweil - speech to text
- Accessible bathroom
- Functional Limitations Assessment forms available

Student Wellness & Cultural Support

Our goal at AEI is to ensure that our students are taken care of within the four directions. Being a student at AEI means access to wellness focused learning experiences, ongoing support, advocacy and counselling to care for you on your learning journey:

Registration packages available from Stacey Lavallie at esw3@wlfn.com, or in person at the library. Phone registrations will not be accepted.

BACK TO SCHOOL INFORMATION SHEET

WHAT'S THE DIFFERENCE BETWEEN PROGRAMS?

The regular program consists of a $50 gift card for elementary students and a $100 gift card for secondary students, and is paid for by the Education Department. The enhanced program features additional support in the way of materials, back-to-school haircuts, etc., and is being funded by a Jordan's Principle application. JP Eligibility requirements must be met.

WHY ARE THERE DIFFERENT DEADLINES?

In order to receive funding from Jordan's Principle, we require detailed information for an application, and must submit it in time for funding to be available before the start of the school year.

WHAT IF I HAVE MY OWN JP APPLICATION FOR SCHOOL?

If you have started a Jordan's Principle application for your student or students, we recommend continuing the solo application. Your student or students will be registered for the normal program. Our JP team is diligent in checking for duplicate signups, but please let us know.

WHAT DO I NEED TO REGISTER MY CHILD/REN?

In addition to personal information (name, date of birth, address, school, grade), we will be collecting new information this year:

- OEN (Ontario Education Number) found on report cards or registration letters
- Status Card Number (For the youth)

WHAT IF I DON'T WANT TO SIGN THESE FORMS?

Every year we are required to have new release of information forms for Atikameksheng Anishnawbek and Kinoomaadziwin Education Body signed by guardians of youth under 16; youth 16 and older can sign their own. These forms allow us to share information with school boards and the Ontario government, and for them to share information with us. This allows us to offer programming support in schools, out of schools, and more. You can always choose to deny consent, but the forms must be signed indicating that consent is not given.

These forms must be signed before gift cards can be picked up, and will be available online in advance.

BACK TO SCHOOL INFORMATION SHEET

WHAT DO I NEED TO PICK UP MY GIFT CARDS?

The guardian of the child on file, or the child on file if over 16, may pick up the gift cards during or after the Back to School event in August (date to be determined).

To pick up the card(s), guardians or youth must have photo identification (driver's licence, status card).

I CAN'T MAKE IT TO THE BACK TO SCHOOL EVENT

If you cannot make it to the event, you may appoint someone to pick up the cards in your stead. You must email Stacey at esw3@wlfn.com in advance with the individual's name. They will be required to show photo identification.

I LOST MY GIFT CARDS. CAN I GET THEM REPLACED?

If a card is lost, stolen, or misplaced, it cannot be replaced as we have no way to de-activate old cards.

CAN YOU MAIL MY CARDS?

Unfortunately we are not equipped to distribute gift cards via mail. Cards must be picked up in person.

IN THE PAST I'VE JUST SHOWN UP & GOTTEN A CARD

As gift cards have to be purchased in advance we are unable to guarantee that gift cards will be available to non-registered participants. Your name will go on a wait list, in order of registration, should any gift cards remain unclaimed after three months.

MY CHILD IS NOT REGISTERED WITH ATIKAMEKSHENG

Our eligibility criteria require that youth be registered members of Atikameksheng Anishnawbek, or are residing on the Atikameksheng Anishnawbek reserve.

If the youth is in process of becoming a registered member of Atikameksheng Anishnawbek and evidence of such can be provided, the youth will be eligible.

MY CHILD NEEDS A SCHOOL UNIFORM. CAN YOU HELP?

Yes. Registered band members or youth residing on reserve and attending uniform schools are eligible for up to $250 in uniform assistance, while funding is available. This is provided on a first-come, first-serve basis.

Speech and Language Playgroups

With Mélanie Landry, M.Sc, Speech-Language Pathologist/Orthophoniste reg. CASLPO/Membre OAOO

Join us every Tuesday

11:00 am - 1:00 pm

Wasaakwa Early Year's Centre

Aanii/ Hello! My name is Mélanie Landry, and I am a Speech Language Pathologist who has been providing speech and language services to pre-school and school-aged children in the Sudbury area for over 8 years. With a genuine interest in growing young minds, my goal is to help children attain their next developmental milestone; one step at a time.

I love collaborating with families and caregivers to make sure their child can thrive and reach their full potential. Whether you're looking for tips on how to increase the amount of words your child is using or increase your child's clarity of speech, I can't wait to meet you and your little one at our Speech and Language Playgroups!

For more information please contact Tammy Naponse at 705-692-3651
Private appointments are available.

We're Hiring

Klohn Crippen Berger

A Sudbury engineering company has several job shadowing opportunities as well as part-time and full-time job openings for locals in its office and in the field at local mine tailings facilities.

The jobs, with Klohn Crippen Berger, or KCB, range from office administration support to field technicians and health and safety support.

KCB's Sudbury operations provide engineering and support services for the management of mine waste, including tailings facilities and water management infrastructure.

The positions are:

- Office administrative support (job shadowing, part-time employment, and full-time employment)
  - Support existing administrative staff in a range of activities, from ordering office supplies and supporting the office team with travel arrangements, through to formatting documents and supporting compliance with KCB's internal quality management system.
- Field technician – water sampling (job shadowing and part-time employment)
  - KCB has an ongoing project collecting water samples around tailings dams. The collected water samples are sent for geochemical testing and the results analyzed by KCB geochemists to determine the geochemical processes within the tailings dam embankment. This information is used by the engineering design team to improve the longevity of new works to the dams and increase the safety of these facilities.
- Field technician – drilling observation (job shadowing and part-time employment)
  - For the design of any new structures, and to better understand the conditions of existing structures and its foundations, KCB typically requires geotechnical drilling. During drilling campaigns, our engineers observe the process, collect samples, and log the samples and the drill hole.
- Field technician – construction supervision (job shadowing and part-time employment)
  - While the contractor is responsible for the quality of the construction work, KCB observes the work and provides guidance to the contractor as they execute their work, undertake spot checks of their field tests, and collect samples for testing at a geotechnical lab.
- Health and safety support – office and/or field based (job shadowing and part-time employment)
  - Health and safety is an important element for all field work. This role includes support for the planning/logistics of the field teams, planning training for the field team, keeping records of health and safety training, conducting site visits to review field conditions, and supporting the team with daily check-ins.

For members of the community not sure if they have an interest in any of these positions but would like to find out more about them, KCB is offering a week of job-shadowing. This is a great way to get exposure to a range of professionals, including civil engineers, geotechnical engineers, water resource engineers, and geochemists before deciding if this is a good fit for you.

KCB is a multi-disciplinary engineering company with offices across Canada, Australia, the UK, and South America.

If you are interested in any of these opportunities, please reach out to KCB's Human Resources contact (Brad McMorris at BMcMorris@klohn.com) so that they can give you more information.

INDIGENOUS YOUTH AND EARLY CAREER AMBASSADOR PROGRAM

APPLY NOW

About

Participate in this unique opportunity to attend the world famous PDAC Convention, where you will explore opportunities, meet industry leaders, and take on your role as a next generation leader in the mineral sector.
