Atikameksheng Anishnawbek Joins Korea-Japan Trade Mission to Stimulate Economic Benefits

Atikameksheng Anishnawbek and The City of Greater Sudbury are leading a strategic trade mission to Korea and Japan on April 4-14, 2025. This mission, announced at the Prospectors and Developers Association of Canada (PDAC) convention on Monday, March 3, in Toronto, Ontario, aims to secure new growth and investment opportunities for both Atikameksheng Anishnawbek and Greater Sudbury businesses.

Joining the delegation are key community and industry partners, including Frontier Lithium, Magna Mining, and Electra Mining. These partners play a pivotal role in the mission as they will be showcasing the opportunities, projects, and innovation that is happening in the region, along with highlighting Greater Sudbury's commitment to collaboration and reconciliation with the Indigenous communities.

This mission is vital for establishing connections with Korean and Japanese market leaders, for promoting the EV battery supply chain, and for supporting sustainable practices and clean-tech industries. The creation of these partnerships will create numerous investment opportunities while supporting the development of lands for industrial use. The mission aims to create new jobs, stimulate economic growth, and enhance the economic prosperity of Atikameksheng Anishnawbek through strategic partnerships and formal agreements.

High-level meetings are being planned with prominent Korean and Japanese companies such as Mitsubishi, Mitsui, Sumitomo Mining, Panasonic, Honda, Nissan, Toyota, Hitachi, Hyundai, Kia, LG Energy Solution, POSCO, Samsung SDI, and SK Innovation, and will potentially elevate Atikameksheng Anishnawbek’s economic interests to the global stage.

Atikameksheng Anishnawbek Joins Korea-Japan Trade Mission to Stimulate Economic Benefits

“Atikameksheng Anishnawbek, in conjunction with the City of Greater Sudbury and Wahnapitae First Nation, is committed to fostering the development of a complete EV supply chain in our traditional lands. We have always supported mining in our territory and now hope to build on that by developing partnerships with companies from two powerhouse Nations that are leaders in the EV industry in order to create more opportunities in the EV supply chain. By expanding into this exciting market, we will support local businesses, create employment, and bring stability for our People. This trade mission presents a unique opportunity to create relationships with new partners and to further strengthen the existing relationships we have with the City of Greater Sudbury, with Wahnapitae First Nation, and with local and regional industry partners.”

Name our Program

Quality Improvement Project

Atikameksheng has secured a three year grant for development and implementation of an Early Learning Program that holds its strength in culture, language and the natural laws. The Quality Improvement Project (QIP) is based on 7 Sacred Grandfather Teachings in Early Learning and Well being.

The QIP is looking for a name that reflects the spirit and intent of the project. The QIP is foundational in Anishinaabemowin and culture of Atikameksheng where we are writing curriculum, creating resources to be used for families, programs in Atikameksheng. The QIP program curriculum and resources will be interactive and honour our Anishinaabe way of life that will be implemented within our current programs and offerings.

We are asking for your help. We would love to have an Anishinaabemowin name for our program that honours our young ones and the foundations of Anishinaabemowin and culture of Atikameksheng Anishnawbek. We are asking for Atikameksheng members to send in an entry in Anishinaabemowin and the translation in English. We ask you to reflect on the Grandfather teachings, spirit and intent of the project, speak with language holders and do what is needed to find this name if you choose to enter.

The selected entry will receive 300.00 and the name given will be used for all communications and information on the project. We will have a team of an elder, community member and youth to choose the name from the entries.

- **Contest will run from March 10 - 21, 2025**

Underground Miner

2025

Ready to build a rewarding career in an industry that is growing?

Who We Are

We are a global mining company dedicated to safely delivering nickel, copper, cobalt, and platinum group metals essential for the world's energy transition.

Our mission is to improve lives and shape a better future together. From utensils to cellphones to satellites, our operations simplify daily life and enhance connectivity. Our metals are integral to life-saving medical equipment and the electric vehicles driving the fight against climate change – our work truly matters.

Join our diverse team of 15,000 talented individuals committed to transforming critical minerals into prosperity and sustainable development in countries like Canada, Brazil, Indonesia, the United Kingdom, and Japan. We invite you to use your skills with us and contribute to something meaningful and enduring.

The Opportunity

We are currently seeking an **Underground Miner** to join our Operations team in Sudbury. This is a permanent on-site position, working on a rotation schedule (days and nights). As an Underground Miner, you will provide a full range of underground services while working according to work procedures and company policies and ensuring efficient operations within a safety conscious environment.

Additionally, in this position you will:

- Follow all established policies, procedures, and best practices as well as industry specific regulations.
- Work closely and cooperatively with peers and supervisor to achieve the objectives of the plant in a safe and professional manner.

About You

Education:

- Grade 12 level education or GED equivalency is required.
- Basic Underground Hard Rock Miner - Common Core

Experience:

- Minimum of 6 months of underground mining experience.

What We Offer You

- Competitive compensation including a variable annual incentive plan
- Participation in a competitive Defined Contribution Pension package
- Comprehensive benefits package (company paid core coverage, health, dental coverage and disability plans)
- Leave for all of life's reasons (vacation, personal, sick, parental)
- Work culture dedicated to safety, diversity & inclusion, and career growth
- Employee Family Assistance Program
- Virtual Healthcare online
- Online training and career development opportunities

Why Sudbury Greater Sudbury is a vibrant city in northeastern Ontario, renowned for its rich mining history and significant role in Canada's mineral production. The city sits atop one of the world's largest and oldest meteorite impact sites, the Sudbury Basin, which is exceptionally rich in nickel, copper, and other critical minerals that are needed for the green economy. The mining sector is a cornerstone of Sudbury's economy, driving both employment and economic growth, and Vale Base Metals plays a pivotal role in this regard. Our commitment to the community is as deep as our mines.

Include to Transform

At Vale Base Metals, we are committed to ensuring an inclusive work environment where people feel comfortable to be themselves. Vale encourages everyone to express their ideas and opinions and values the plurality of individual profiles. We want our people to feel that all voices are heard, all cultures respected and that a variety of perspectives are not only welcome
– they are critical to our success. We treat each other fairly and with dignity regardless of race, gender, nationality, ethnic origin, religion, age, sexual orientation, or any other personal consideration that makes us different.

Vale is an equal opportunity employer seeking to increase diversity across our operations and improve equal opportunity at Vale and in the mining industry.

In accordance with the Accessibility for Ontarians with Disabilities Act, accommodation is available throughout our recruitment process for applicants with disabilities.
