ATIKAMEKSHENG ANISHNAWBEK

Atikameksheng Anishnawbek Joins Korea-Japan Trade Mission to Stimulate Economic Benefits

Atikameksheng Anishnawbek and The City of Greater Sudbury are leading a strategic trade mission to Korea and Japan on April 4-14, 2025. This mission, announced at the Prospectors and Developers Association of Canada (PDAC) convention on Monday, March 3, in Toronto, Ontario, aims to secure new growth and investment opportunities for both Atikameksheng Anishnawbek and Greater Sudbury businesses.

Joining the delegation are key community and industry partners, including Frontier Lithium, Magna Mining, and Electra Mining. These partners play a pivotal role in the mission as they will be showcasing the opportunities, projects, and innovation that is happening in the region, along with highlighting Greater Sudbury's commitment to collaboration and reconciliation with the Indigenous communities.

This mission is vital for establishing connections with Korean and Japanese market leaders, for promoting the EV battery supply chain, and for supporting sustainable practices and clean-tech industries. The creation of these partnerships will create numerous investment opportunities while supporting the development of lands for industrial use. The mission aims to create new jobs, stimulate economic growth, and enhance the economic prosperity of Atikameksheng Anishnawbek through strategic partnerships and formal agreements.

High-level meetings are being planned with prominent Korean and Japanese companies such as Mitsubishi, Mitsui, Sumitomo Mining, Panasonic, Honda, Nissan, Toyota, Hitachi, Hyundai, Kia, LG Energy Solution, POSCO, Samsung SDI, and SK Innovation, and will potentially elevate Atikameksheng Anishnawbek’s economic interests to the global stage.

ATIKAMEKSHENG ANISHNAWBEK

Atikameksheng Anishnawbek Joins Korea-Japan Trade Mission to Stimulate Economic Benefits

“Atikameksheng Anishnawbek, in conjunction with the City of Greater Sudbury and Wahnapitae First Nation, is committed to fostering the development of a complete EV supply chain in our traditional lands. We have always supported mining in our territory and now hope to build on that by developing partnerships with companies from two powerhouse Nations that are leaders in the EV industry in order to create more opportunities in the EV supply chain. By expanding into this exciting market, we will support local businesses, create employment, and bring stability for our People. This trade mission presents a unique opportunity to create relationships with new partners and to further strengthen the existing relationships we have with the City of Greater Sudbury, with Wahnapitae First Nation, and with local and regional industry partners.”

Mino Bimaadiziwin Team

presents...

Aadizooke with Art Petahtegoose

Come and join us for a 10 session series of Aadizooke "Winter Stories" with our very own Arther Petahtegoose.

Art's life is a beautiful testament to the values of family, tradition, and community. As a member of the Elk Clan of Atikameksheng Anishnawbek, with his mother belonging to the Loon Clan, Art carries forward a deep cultural connection and responsibility. His role as a pipe carrier and drum keeper for the Shadakki drum group showcases his spiritual commitment, while his long-standing position as a fire keeper for the traditional gathering reflects his dedication to preserving important cultural practices.

As a father, grandfather, and great-grandfather, Art is deeply cherished by his family, and his wisdom and guidance extend far beyond his immediate kin. His work as a retired teacher and professor at Cambrian College has allowed him to share his knowledge across generations, enriching the educational experience of students at all levels. His past leadership role as an Ogimaa and councillor for Atikameksheng reflects his strong commitment to his community.

Art's personal interests, such as carving wood and working with split ash basketry, reveal his connection to traditional crafts, while his lifelong love for running demonstrates his enduring physical vitality and spirit. His regular bush walks with his grandchildren are a way of passing on his knowledge of the land, or Anishinaabe aki, further connecting the younger generation with their heritage.
