Thank You

Aanii to the communities and health services staff of both Atikameksheng Anishnawbek and Sagamok.

I appreciate this opportunity to thank all of you for welcoming me to your communities and allowing me to contribute in a small way to the health of your members. It has been a privilege getting to know you individually, to hear you speak your language, to learn a little of your traditions and the practices your communities have used for generations to support the wellbeing of your communities and it's members.

I started practicing Family Medicine in 1988, started working at the Shawenekezhik Health Centre June of 2012 and at Sagamok in March 2016. I am grateful for my years practicing medicine and am equally grateful to be able to now change pace.

Chi Miigwetch for sharing your wisdom with me and

Subject: Pigeon Mountain – Cleanup Notice & Protocol Reminder

I am writing today to address reports of debris, personal structures, tools—and unauthorized trail cameras—at the base of Pigeon Mountain. As many of you know, Pigeon Mountain is a sacred place for our community. It stands as our highest place of ceremony, our Fasting Grounds, where generations of Debendaagziwaad have journeyed for vision, reconnection, and healing. Oral tradition tells us that our ancestors have gathered here for generations, maintaining a living link to the Creator and all our relations.

As Atikameksheng Anishnawbek, it is our collective duty to care for Pigeon Mountain, including keeping it as a natural space when not in use. Therefore, we ask that all structures set up for Fasting Camps be fully dismantled after each ceremony. Leaving behind tents, tools, or personal belongings compromises the sacredness of this space. Caring for the land in this way reflects Mino Bimaadiziwin—the good life.

To ensure the site remains pristine, the Department of Mino Bimaadiziwin will conduct a community cleanup on July 14th, 2025. Any items—temporary shelters, equipment, debris—remaining after that date will be respectfully collected. If you have personal belongings at the base of the mountain that you wish to retain, ***please remove them by Sunday, July 13th.***

We have also become aware of trail cameras placed around the site. These devices have recorded individuals who have visited the site. Out of respect for those in ceremony and to protect the privacy and sanctity of our spiritual practices, we kindly request that all cameras and related equipment be removed immediately in this area.

Lastly, a kind reminder for our non-member visitors: Atikameksheng land—including Pigeon Mountain—is a sovereign ceremonial space. Protocol must be followed, and permission must be granted by our leadership before conducting ceremonies or installing any structures or equipment.

Thank you for your understanding and cooperation. By working together, we honour our ancestors, protect our sacred places, and ensure that Pigeon Mountain remains a source of vision and renewal for generations to come.

If you have any questions regarding Atikameksheng protocols or would like to learn more about the significance of Pigeon Mountain, please contact Darlene Shawbonquit, Director of the Mino Bimaadiziwin department at director.minobimaadiziwin@wlfn.com.
