NOTICE TO THE COMMUNITY

The Public Works team will be flushing water mains from May 11, 2026 to May 15, 2026 between the hours of 8:30 a.m. to 4:30 p.m.

We conduct an annual flushing program of our water distribution system to help ensure continued high-quality water service. Flushing the water system entails sending a rapid flow of water through the water mains. As part of the flushing program, fire hydrants are checked and operated to help ensure fire protection in the community.

Flushing of the water distribution system is performed every year primarily to remove sediment in pipes. These sediments, which do not pose a health concern, are comprised mostly of minerals which have accumulated over time in the pipes. An annual flushing program helps to keep fresh and clear water throughout the distribution system.

While a flushing program is underway in our community, you may experience a slight drop in water pressure or temporary water discoloration. Please refrain from doing laundry during the time of day when the flushing program is taking place. If tap water is discolored, we recommend allowing several cold-water faucets to run for a short time until the water runs clear. Using more than one faucet allows the water to clear faster.

If you have any questions or concerns, contact the Public Works Manager, Darin, at 705-692-3651 ext.1150 or 705-688-4901 . We are sorry for any inconvenience this may cause you. Miigwetch for your co-operation.

SHARING CIRCLES

FOCUSED ON

CHILD WELL-BEING LAW

Our children deserve a future rooted in love, safety, culture, and community. That's why we are continuing the important work of strengthening our Child Well-Being Law—the law that guides how we care for and protect our children and families.

As we move forward, we want this law to truly reflect the voices, values, and vision of our community. We are revamping our community engagement sessions because we recognize that meaningful change begins with listening. This is your opportunity to help shape what child well-being looks like for our Nation, today and for generations to come.

To ensure everyone feels comfortable sharing, we will be hosting Sharing Circles focused on the Child Well-Being Law. These circles are being created as respectful, supportive spaces where community members can speak openly and honestly. At each session:

- A support person will be available should anyone need emotional support.
- Cultural components will be woven throughout.
- We will ground ourselves in the 7 Grandfather Teachings, ensuring our conversations are guided by wisdom, love, respect, bravery, honesty, humility, and truth.

Our last sharing circle session
All are Welcome

Band Member Interim Grant Program Update

The Band Member Interim Grant Program provides a onetime, nonrepayable grant of $15,000 to eligible Atikameksheng Anishnawbek Members. The purpose of this grant is to help Members meet immediate needs in priority areas such as housing, health, education, employment, public safety, and other community approved priorities. This grant is being offered as short-term support while the Aadizokaanag Legacy Trust still being finalized. The grant does not need to be repaid and does not affect your eligibility for future Atikameksheng programs or benefits.

Eligibility Criteria:

The Band Member Interim Grant Program is intended to benefit Members who meet the criteria below. You are eligible to benefit from this program if you meet all of the following conditions:

- You were alive on December 17, 2025; and
- You were a Member of Atikameksheng Anishnawbek as of December 17, 2025, based on the legislation in effect on that date, including Members who:
- were registered on the Indian Register; or
- had applied for Indian Status on or before December 17, 2025, and were entitled, under the legislation in force at that time, to be added to the Members List; and
- You are approved for Indian Status and added to the Members List within the applicable timelines under federal legislation, including applications made on behalf of minors or mentally incapable persons.

Important:

If an eligible Member was alive on December 17, 2025, and has since passed away and not applied for their grant, their estate is eligible to apply on behalf of the member.

We're pleased to share that our team has been selected to participate in an Early Contractor Engagement (ECE) phase for the Nickel Rim South Extension Project.

This engagement will see us working closely with the project stakeholders on constructability reviews, development of execution methodology and scheduling, and supporting the pricing strategy to help shape the overall delivery plan. This is a paid phase and reflects strong confidence in our team's capabilities and collaborative approach.

The current plan is to work towards transitioning into the main construction contract early next year, pending final approvals by both Vale and Glencore boards.

In parallel, we will be engaging with Vale and Glencore regarding the potential to initiate select Early Works activities as soon as this summer. We'll share further details as these discussions progress.

We're excited about the opportunity to contribute to this important project and look forward to working together to position it for success!
